

Children's Adventures in Music

As part of our mission of “expanding music appreciation and developing the musical talents of young people,” the **Symphony of the Hills** is proud to offer **Adventures In Music**—our Children's Outreach to area schools.

Every season, approximately 1,700 area students receive in-school presentations, complete with a TEKS-certified lesson plan. Presenters are members of our Symphony of the Hills orchestra and accomplished musicians and teachers.

For many students, this is their first exposure to a concert hall and symphony orchestra.

This program not only reinforces the music content of the Children's Concerts, but also gives students a familiarity with the instruments they see in the orchestra. This leads to enhanced enjoyment of classical symphonic music and fosters an interest in learning to play a musical instrument in the school band or orchestra program.
